

Java 11

10 November 2019 12:11

Java Setup

The screenshot shows a web browser window with a Google search page. The address bar displays the URL: `https://www.google.com/search?client=firefox-b-d&q=adoptopenjdk+11+download`. The search bar contains the text "adoptopenjdk 11 download". Below the search bar, the Google logo is visible on the left, and navigation links for "All", "News", "Shopping", "Videos", "Maps", and "More" are in the center. On the right, there are links for "Settings" and "Tools". The search results show "About 83,800 results (0.47 seconds)". The first result is from "adoptopenjdk.net" and is titled "AdoptOpenJDK - Open source, prebuilt OpenJDK binaries". The snippet below the title reads: "19-Jun-2020 — AdoptOpenJDK provides prebuilt OpenJDK binaries from a fully open source set of build scripts and infrastructure. Supported platforms include ...".

AdoptOpenJDK

19th June 2020 AdoptOpenJDK to join the Eclipse Foundation!

Prebuilt OpenJDK Binaries for Free!

Java™ is the world's leading programming language and platform. AdoptOpenJDK uses infrastructure, build and test scripts to produce prebuilt binaries from OpenJDK™ class libraries and a choice of either OpenJDK or the Eclipse OpenJ9 VM. All AdoptOpenJDK binaries and scripts are open source licensed and available for free.

Download for Windows x64

1. Choose a Version

☐ OpenJDK 8 (LTS)
☒ OpenJDK 11 (LTS)
☐ OpenJDK 15 (Latest)

2. Choose a JVM

☒ HotSpot
☐ OpenJ9

Click the "Latest release" to download the executable

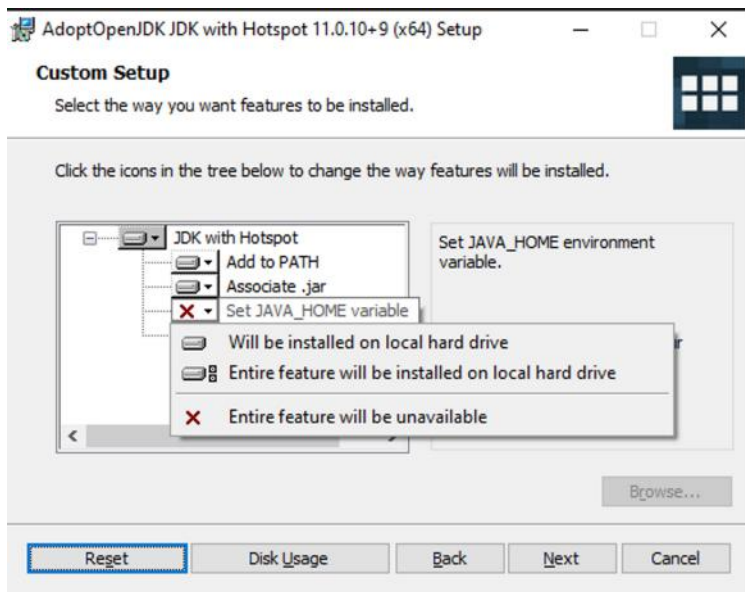

This PC > Downloads >

Name	Date modified
▼ Last week (1)	
desktop.ini	14-02-2021 19:10
▼ Last month (1)	
OpenJDK11U-jdk_x64_windows_hotspot_...	22-01-2021 19:46

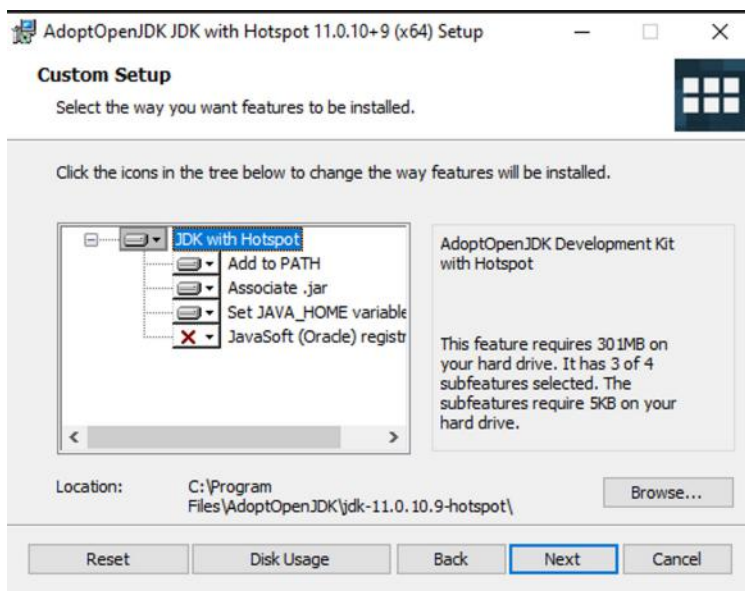

Double Click on the downloaded file - "OpenJDK11U_x64....."

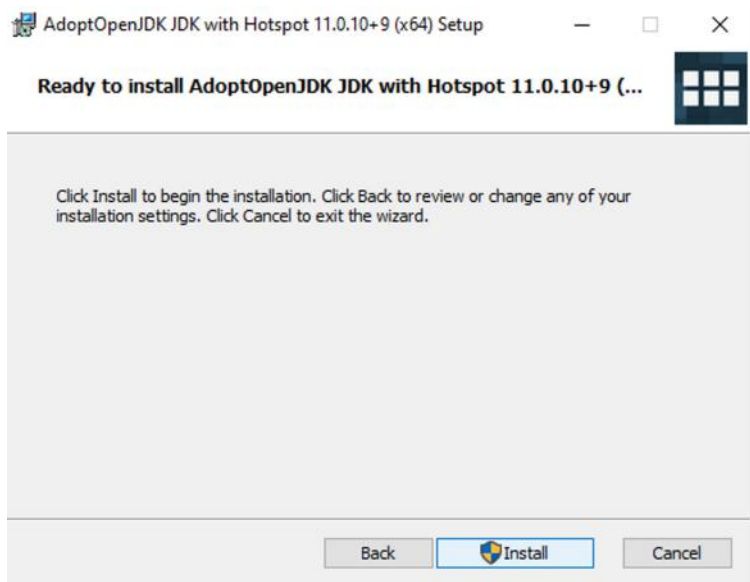

Click Next

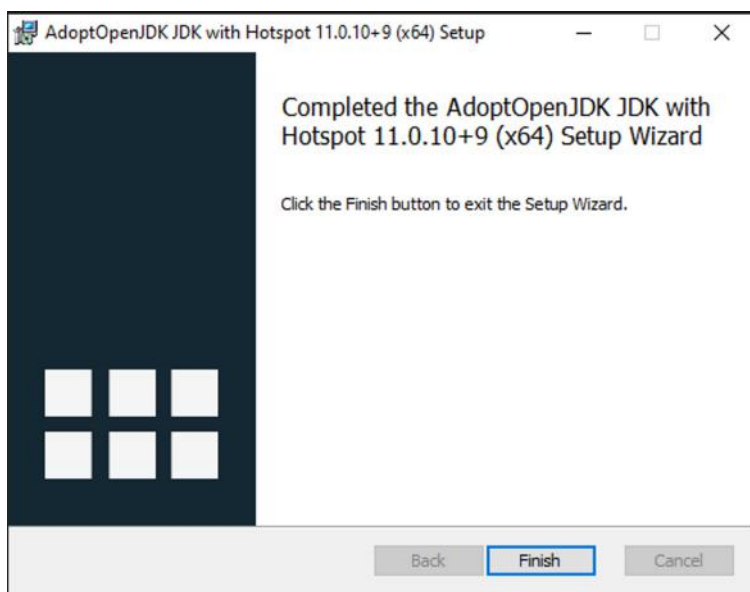

Click on "Set JAVA_HOME..." and select "Entire feature will be..."

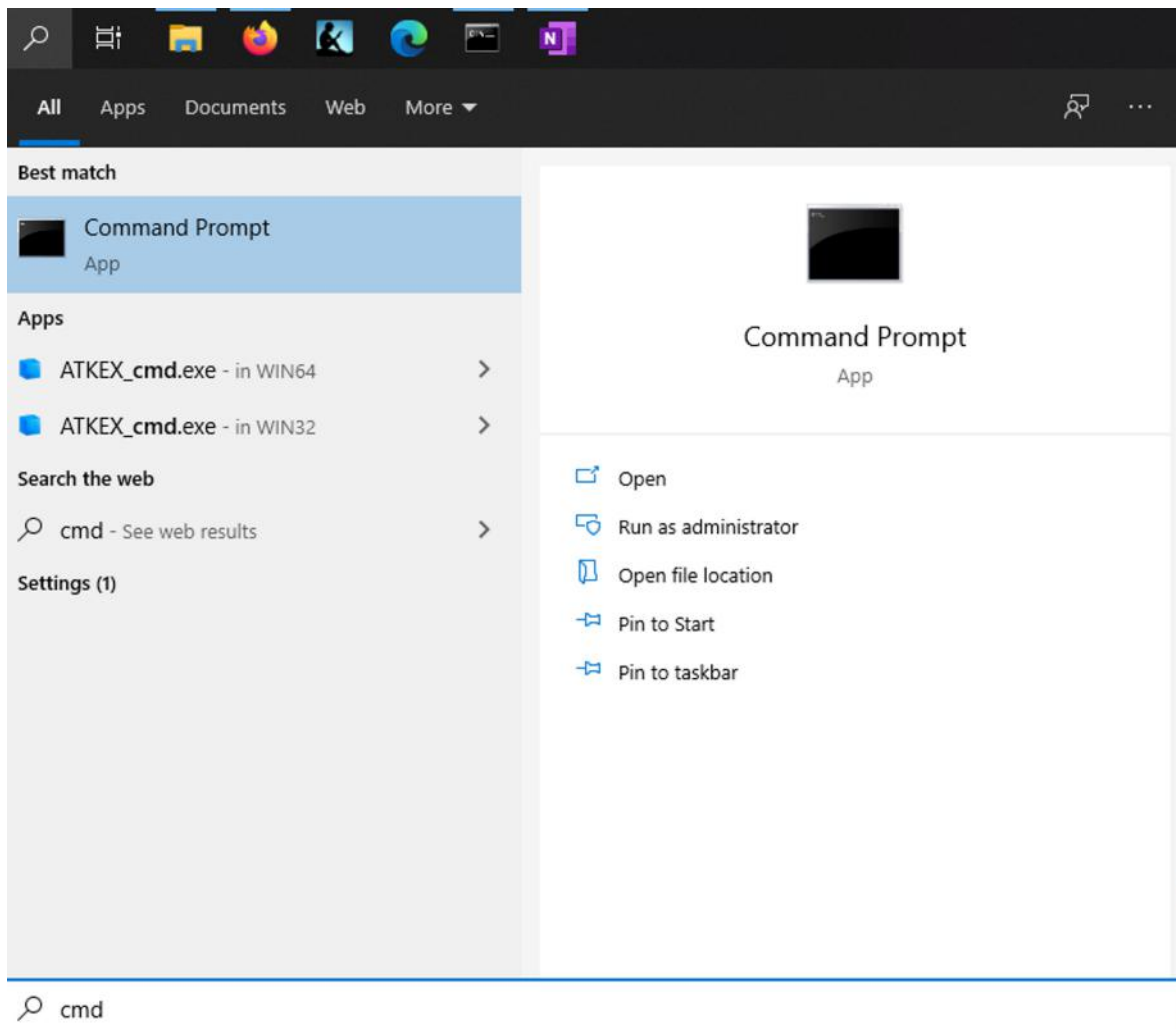

Click Next (Note - Don't change the "Location")

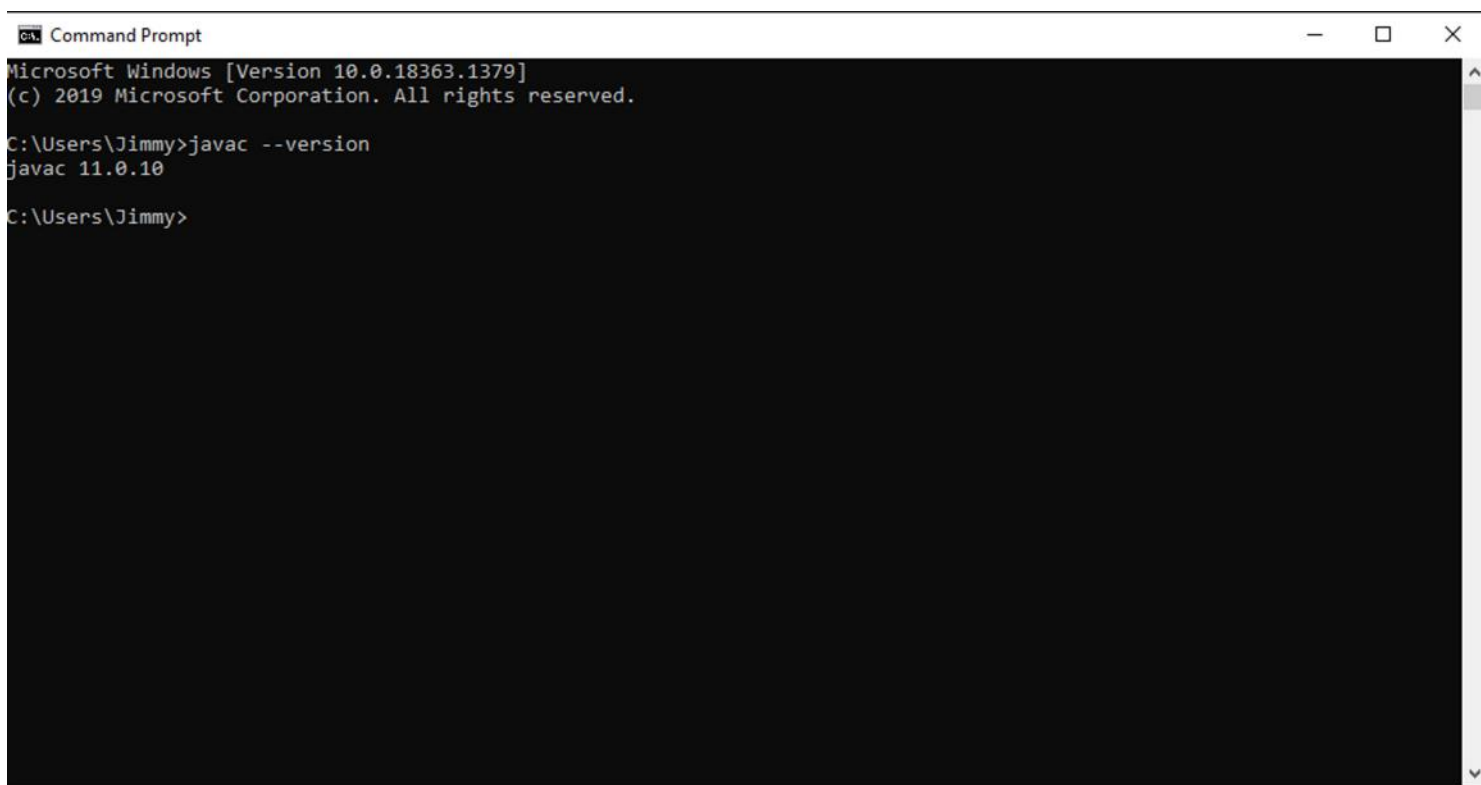

Click Install

Click Finish

Search for CMD in Windows Search and click Command Prompt

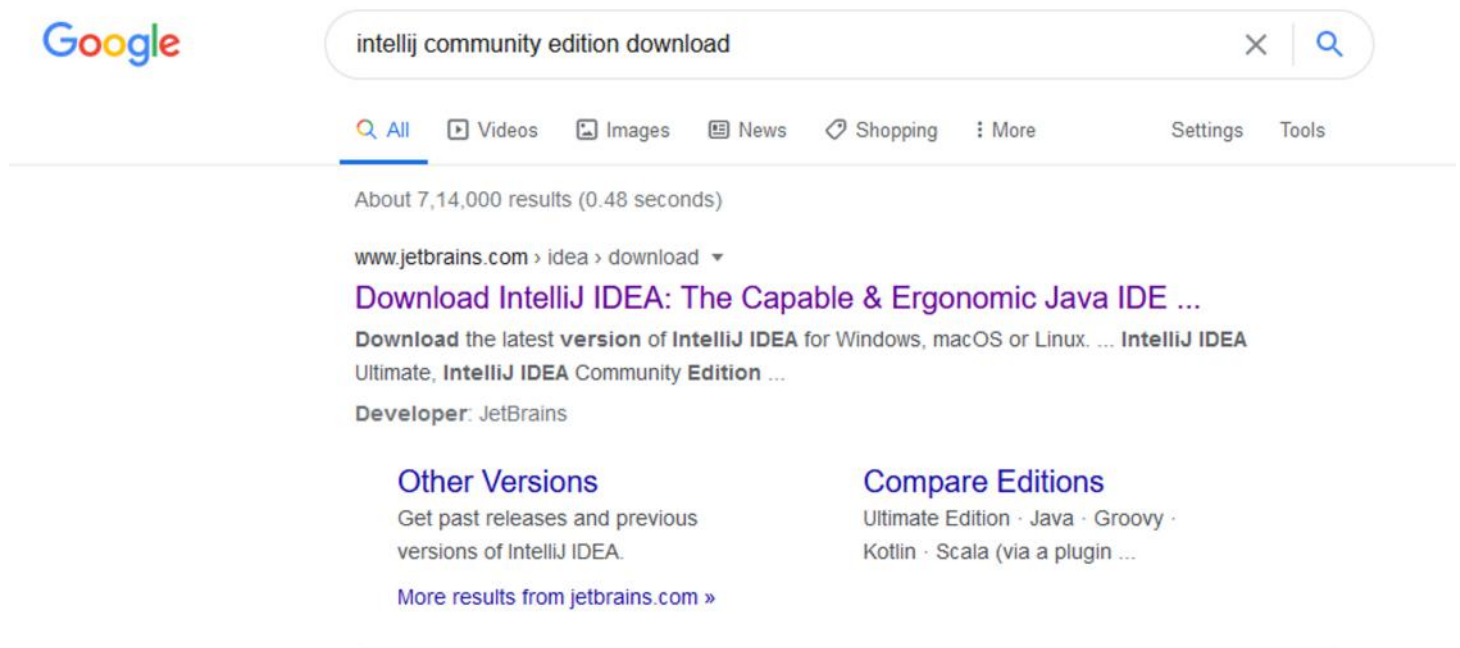

type the below comand

javac --version

hit Enter key

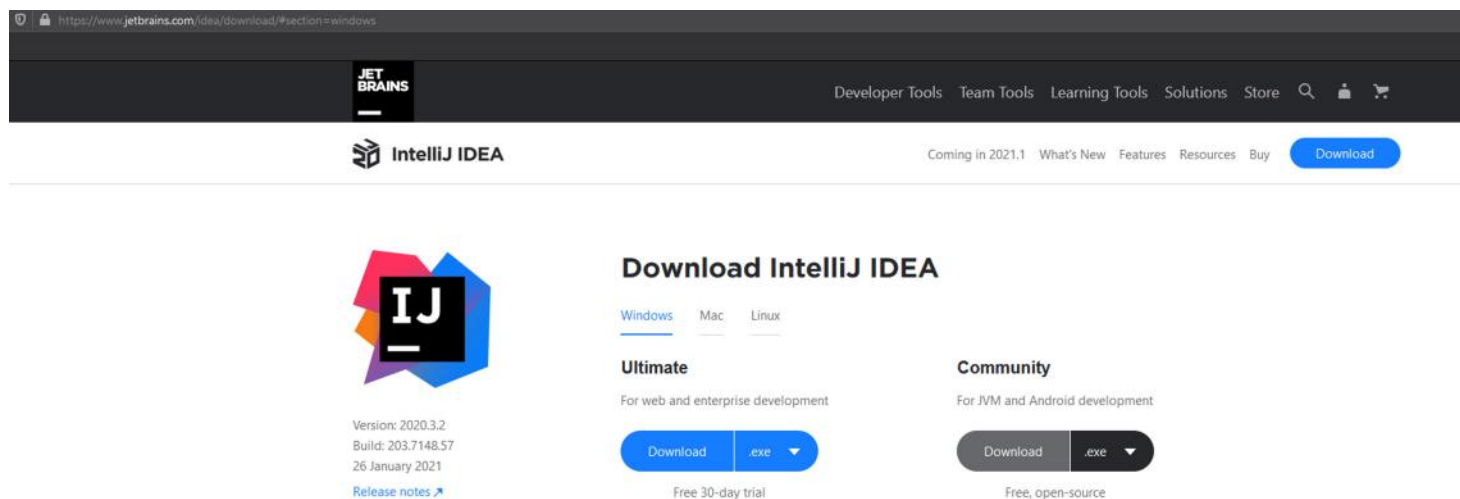

Confirm that it says javac 11

IntelliJ IDE setup

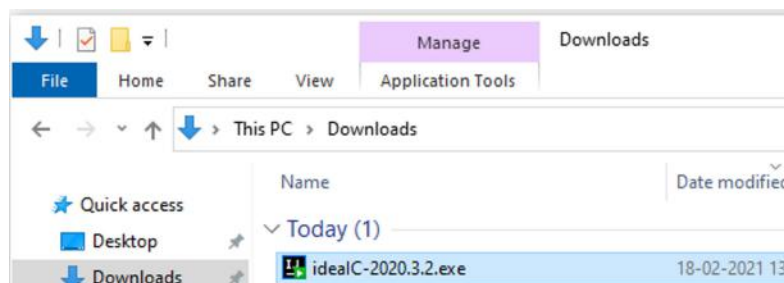

Google search results for "intellij community edition download". The search bar shows the query and a magnifying glass icon. Below the search bar, there are tabs for "All", "Videos", "Images", "News", "Shopping", and "More". The results show "About 7,14,000 results (0.48 seconds)". The top result is from "www.jetbrains.com" and is titled "Download IntelliJ IDEA: The Capable & Ergonomic Java IDE ...". The description says "Download the latest version of IntelliJ IDEA for Windows, macOS or Linux. ... IntelliJ IDEA Ultimate, IntelliJ IDEA Community Edition ...". The developer is listed as "JetBrains". There are two links: "Other Versions" and "Compare Editions". The "Other Versions" link says "Get past releases and previous versions of IntelliJ IDEA." and "More results from jetbrains.com »". The "Compare Editions" link says "Ultimate Edition · Java · Groovy · Kotlin · Scala (via a plugin ...".

Search for Intelli community edition download

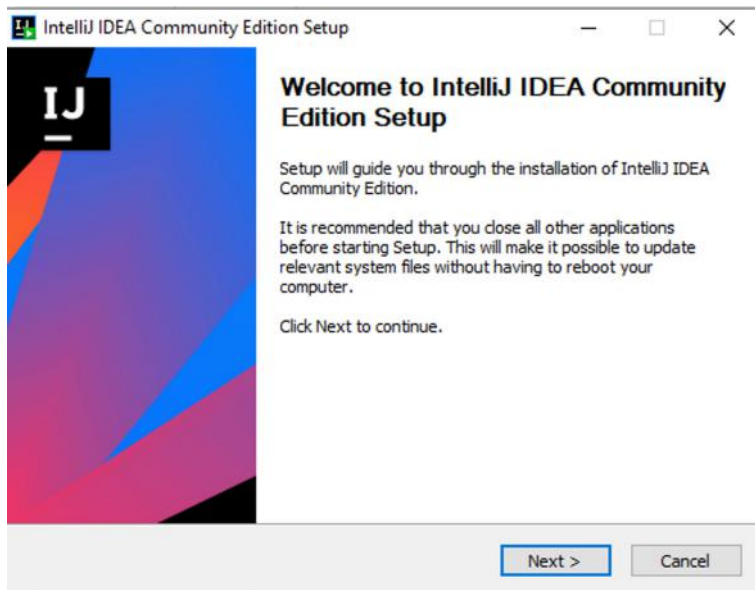

The IntelliJ IDEA download page. The header shows the JetBrains logo and navigation links: "Developer Tools", "Team Tools", "Learning Tools", "Solutions", "Store", and a "Download" button. The main content area has the IntelliJ IDEA logo and the text "Download IntelliJ IDEA". Below this, there are tabs for "Windows", "Mac", and "Linux". Under the "Windows" tab, there are two sections: "Ultimate" and "Community". The "Ultimate" section says "For web and enterprise development" and has a "Download" button with a ".exe" dropdown menu. Below the button is the text "Free 30-day trial". The "Community" section says "For JVM and Android development" and has a "Download" button with a ".exe" dropdown menu. Below the button is the text "Free, open-source".

Click the grey Download button under "Community" and save the file

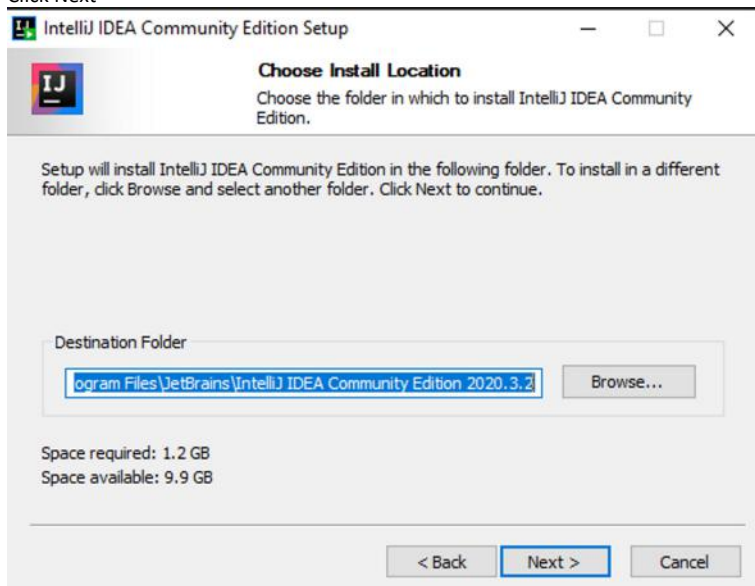

A screenshot of a Windows File Explorer window. The address bar shows "This PC > Downloads". The left sidebar shows "Quick access" with links to "Desktop" and "Downloads". The main area shows a table of files. There is one file named "idealC-2020.3.2.exe" with a date modified of "18-02-2021 13:00".

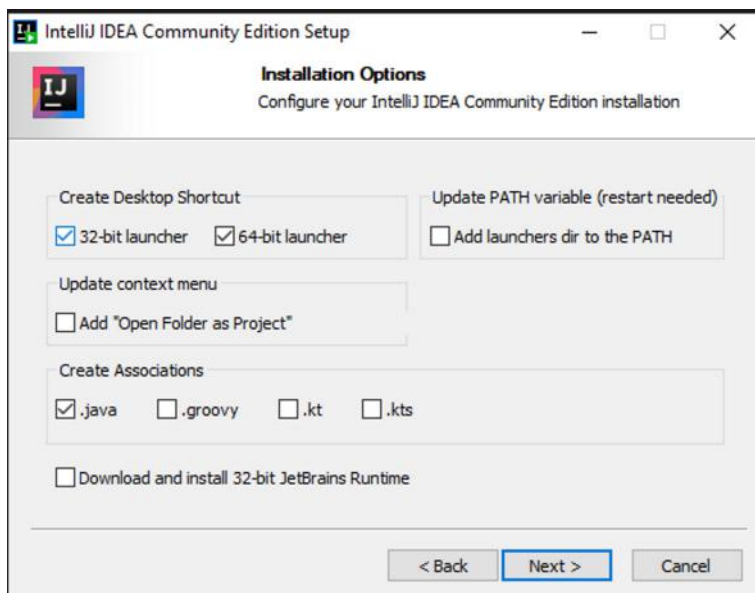

Double click on the downloaded file - idea.....

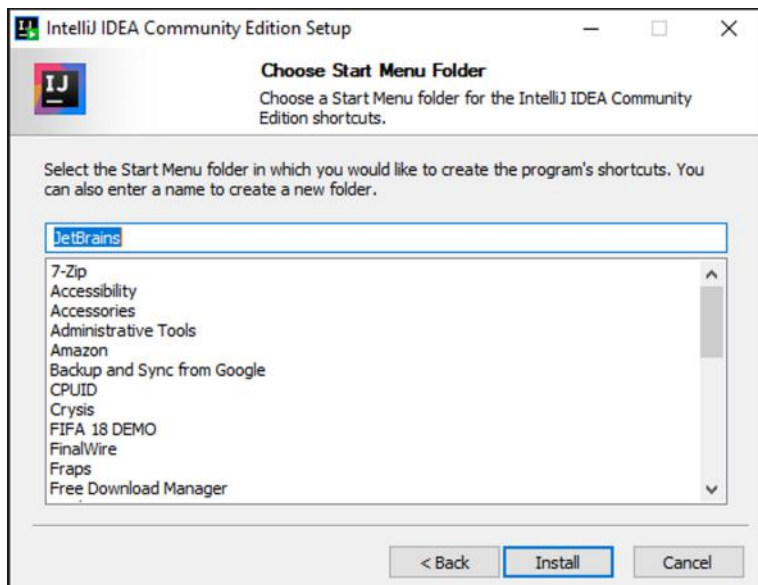

Click Next

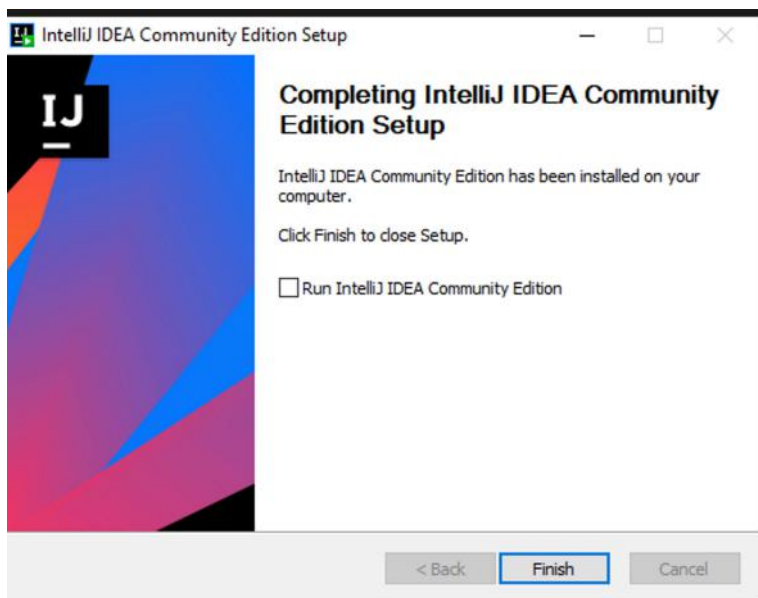

Don't chane the Destination Folder. Click Next

Check the boxes shown checked in the picture and click Next

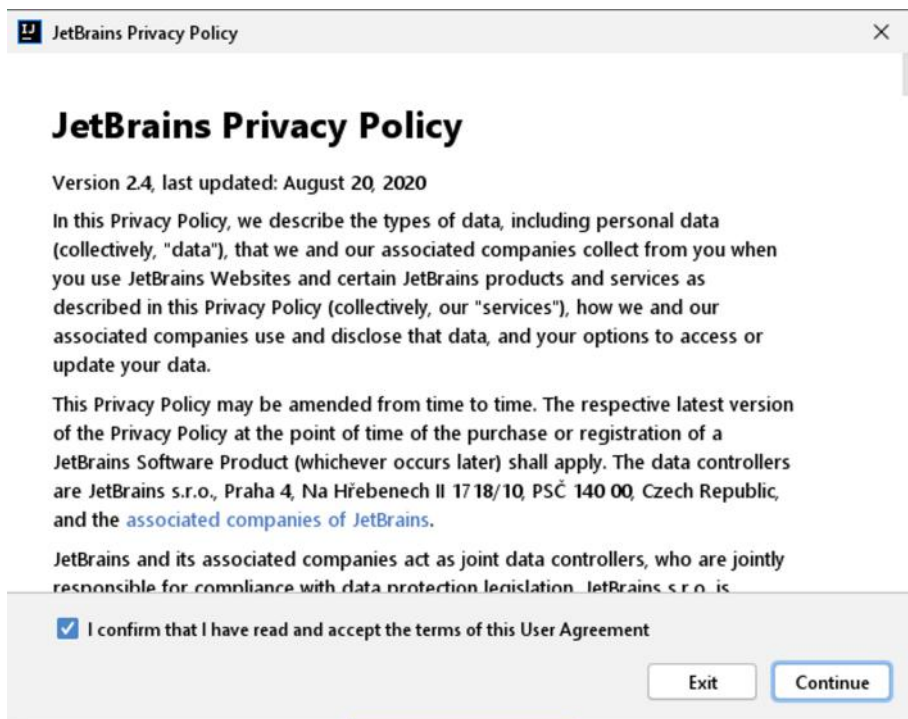

Click Install

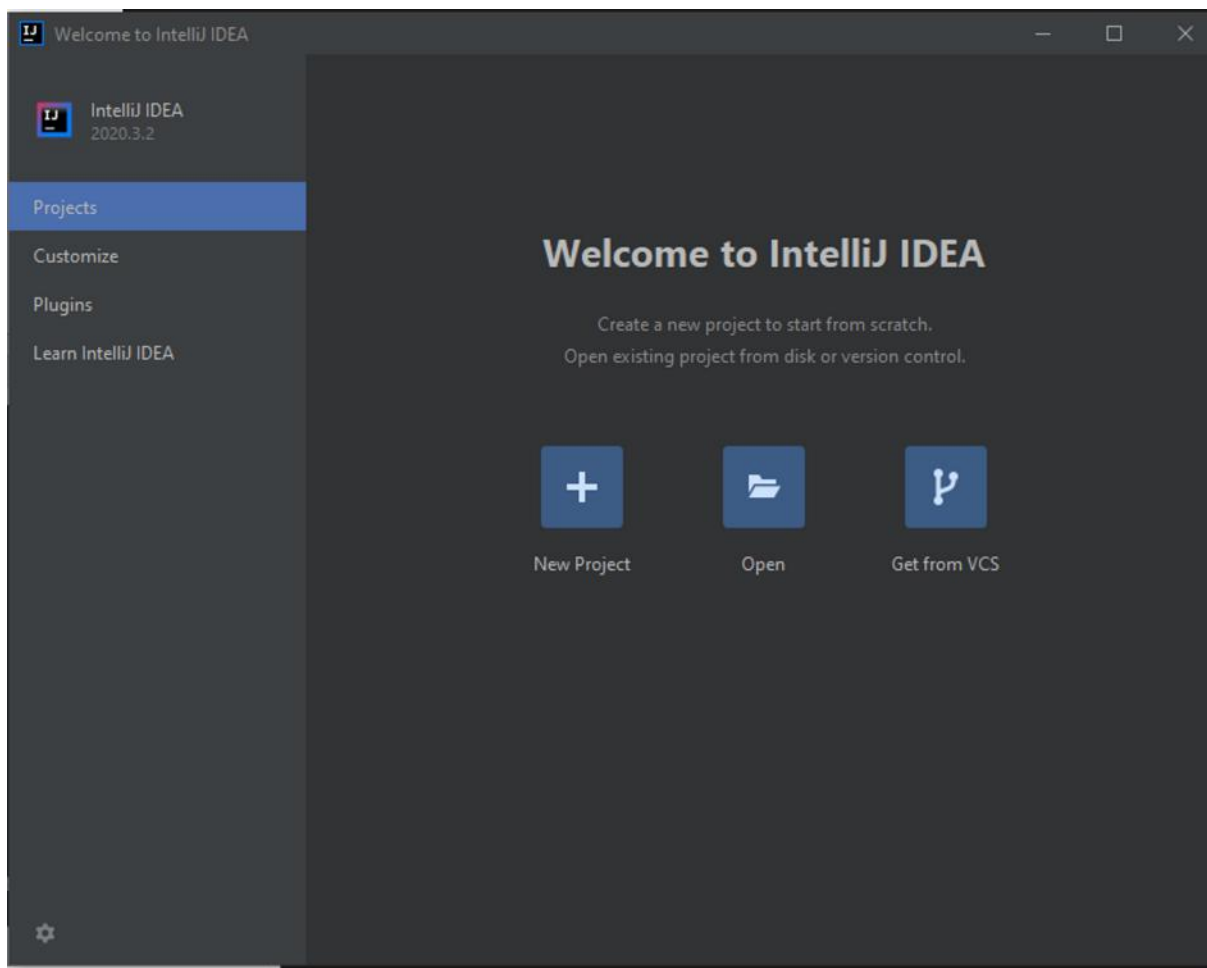

Click Finish

Go to your desktop and click on the IntelliJ Idea icon ending with 64. If it doesn't work, try the other one.

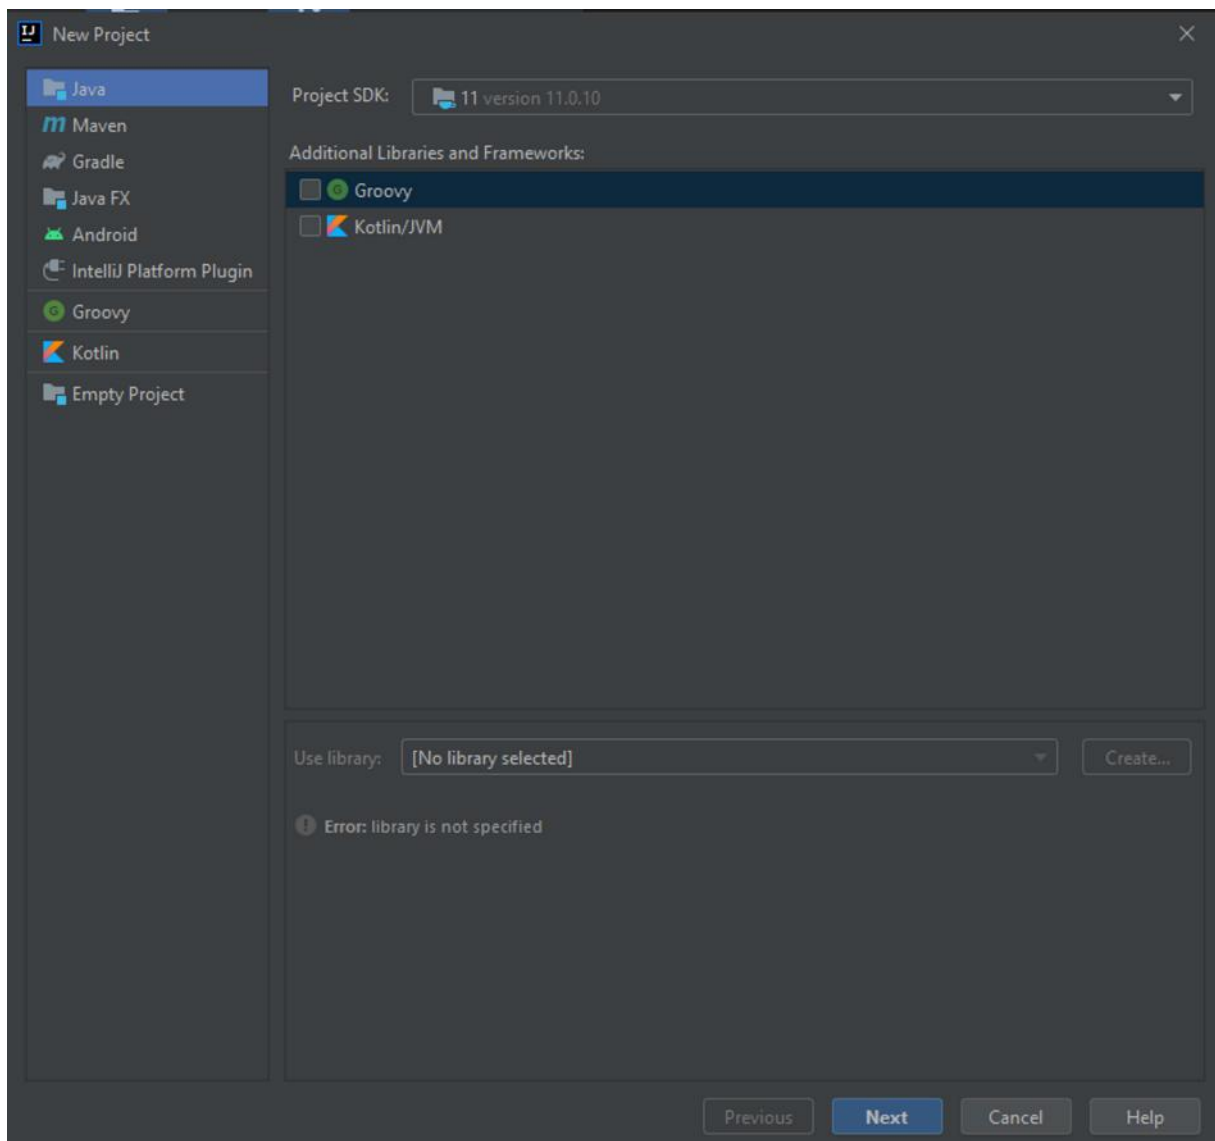

select the check box and click Continue

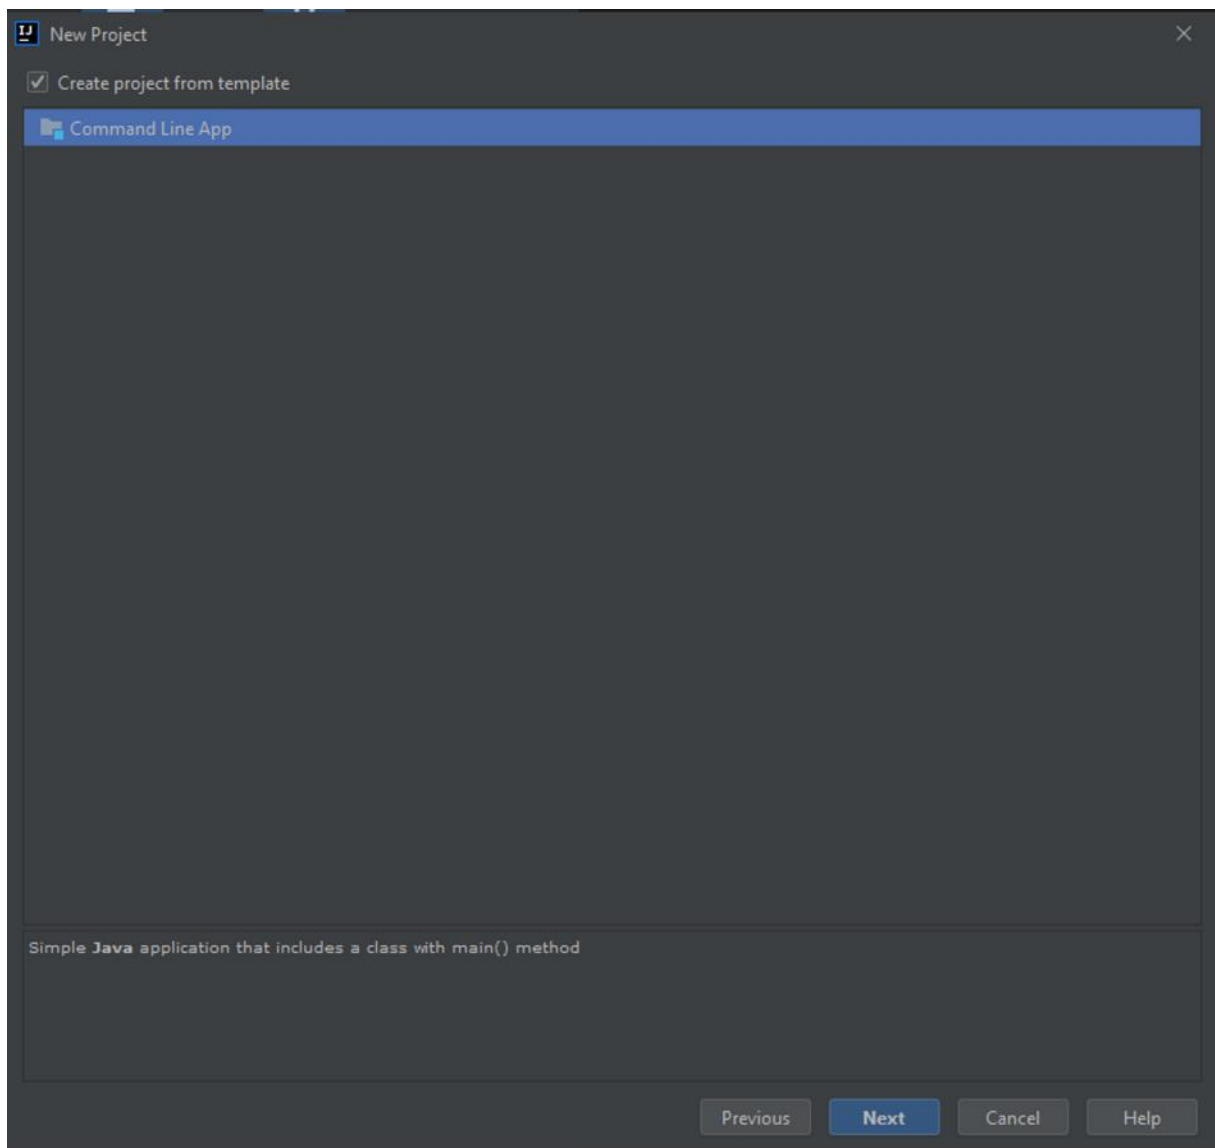

Your Installation is complete!!

Click on New Project

Make sure your selection on the left pane is on Java. Confirm that the Project SDK on the right side says "11 version..."
Click Next

Tick the checkbox, select Command Line App and then click Next
